

Teach, Learn, Every Day, No Excuses

OJUSD

CHARGE POLICY:

Students' elementary through high school are to have monies available on their meal account to prevent their meal account from becoming overdrawn.

Low balance notices will be sent home or emailed to notify parents, before the account becomes overdrawn.

Overdrawn notices will be sent home or emailed to notify parents that the student's meal account has reached a negative balance and must be cleared immediately.

Create a meal account on mymealtime.com. Once you have registered select the option "low balance notice" to receive an automatic message when money is low. Paying online makes funds immediately available to the students' meal account with no delays. You will need your student's ID number and first name only to register. You may call the school or the Central Kitchen, 847-9666, for this information.

During the last month of school, you are to have monies available on your student's meal account to avoid the meal account from being overdrawn. Your student's meal account must be paid off during this last month of school. All meal accounts must be paid in full prior to the last day of school.

What does this mean?

- Students are to have money on their meal account, or bring money with them to purchase their meal.
- If you currently have a negative balance it must be paid off during this period, before the last day of school.

Thank you,

Angelica Cazares, Manager of Food Service, OJUSD
